Duration:	Approx. 9 hours. Lunch, English speaking crew and transfers from/to ship included.
Minimum:	10 participants.
Maximum:	90 participants.
Operated:	April, May, June, July, August, September & October.

There is no better way to explore the beautiful coast than the traditional Turkish gullet (wooden boat). Over the years gullets have evolved from traditional crafts for fishing or transport into their present profile with a broad beam and white deck built by Asian craftsmen. The boats are equipped with engines with fully functional rigging.

For those who simply want to have an enjoyable day out, the perfect solution is to take one of the daily tour gullets. Unlike cruises on large ocean liners, on a gullet you can explore the secluded and often deserted bays of the coastline. This is the holiday life.

A cruise by a gullet will take you to the unspoiled bays surrounded by high mountains with pine forests around Marmaris which are ideal for swimming and snorkeling in deep clear waters. Life on board is relaxed, sailing along on a leisurely pace.
